

## BUK Management Visits Speaker Kano House of Assembly ... Promises to Strengthen Relationship with KNSG

By Hafsat Wada Magaji and Alkasim Musa Abdulkadir

Bayero University, Kano for the second year running has maintained its position as the 5th best university in Nigeria as projected by the Times Higher Education (THE) of the United Kingdom in its recently released 2024 global Universities ranking.

This was disclosed by the Vice Chancellor, Professor Sagir Adamu Abbas, when he paid a courtesy call on the Speaker of the Kano State House of Assembly, Alhaji Jibril Isma'ila Falgore on Tuesday 23<sup>rd</sup> April, 2024 in his office.

He said similar ranking that was done last year by The Times Higher Education of London (THE) placed BUK in the 5<sup>th</sup> position, saying that it was not by accident that the University maintained this position. It was achieved through commitment and effort of the University.

Professor Abbas said the four universities that are above BUK are: Covenant University, University of Ibadan, Federal University of Technology, Akure and University of Lagos. He said all the four universities are located in the south west of the country. "By implication, BUK is the best University not only in the north but also in the remaining five geopolitical zones of the country," he said.

"It may interest you to know that because of the

The VC being received by the Speaker

Vice Chancellor presenting his address

The House Principal Officers in a group photograph with BUK Management

tremendous successes recorded by the University in teaching and research in recent times, Bayero University has become the cynosure of parents. In the last 10 years, the University had been grappling with large number of candidates choosing BUK as first choice which was an evidence of acceptability. In spite of the large number of applicants, the University maintains its policy of admitting candidates on merit," said the Vice Chancellor.

He said BUK graduates had been excelling wherever they found themselves, adding that "most of our graduates who travelled outside the shores of this country are becoming the best in their various areas of specializations. These are evidence of excellent background training being offered by the University," he remarked.

The Vice Chancellor told the Speaker that the main reason for the courtesy call was to congratulate him in arrears and other members of the House over their election victory and to wish them Allah's guidance and wisdom to succeed.

He said the University had been enjoying excellent relationship with the Kano State Government, saying that as a Federal University domiciled in the state, it gives an opportunity for the House of Assembly to make the best use of the University for the purpose of not only improving

the education sector, but also training its youth who are the leaders of tomorrow.

Going memory lane, Professor Abbas told the Speaker that Bayero University is 45 years old and had grown from a modest institution to a national citadel with 18 faculties, 16 centers/directorates, 97 departments and runs over 190 programmes. In terms of staff strength, the University has over 300 Professors, over 2,500 teaching staff and over 3,000 non-teaching staff. On student's population, the University has over 40,000 students, out of which, Kano State has 18,000 which is the highest number by any state in the country.

The Vice Chancellor noted that the University would continue to work with the Kano State Government and the House of Assembly inclusive for the development of the education sector. He wished them a successful tenure.

Responding, the Speaker, Rt. Honorable Jibril Isma'ila Falgore, expressed gratitude to the Vice Chancellor and other principal officers of the University for the visit. He said the visit and the word of encouragement from the Vice Chancellor would inspire them to enact laws that would be geared towards the improvement and development of the education sector in the state. He also said the House's doors are open for any possible collaboration with the University.

## BUK Hosts TETFund Kidney Transplant Training for Healthcare Providers

By Sulaiman Salihu

Bayero University, Kano hosted a 5-Day Kidney Transplant and Urology project Training for medical doctors and nurses across six University Teaching Hospitals in the north. The training was facilitated by Tertiary Education Trust Fund (TETFUND).

The Training, which commenced on Monday, 22<sup>nd</sup> April, 2024 at the conference hall of the Aminu Kano Teaching Hospital (AKTH), was aimed at educating doctors and nurses of nephrology and urology on kidney transplant and urology project.

The six benefiting university teaching hospitals are; Jos University Teaching Hospital, University of Abuja Teaching Hospital, University of Maiduguri Teaching Hospital, Abubakar Tafawa Balewa University Teaching Hospital, Ahmadu Bello University Teaching Hospital, Shika and Bayero University, Kano Teaching Hospital, AKTH.

In his opening remarks, the Vice-Chancellor, Professor Sagir Adamu Abbas, who was represented by the Deputy Vice-Chancellor, Management Services, Professor Mahmoud Umar Sani, went memory lane and told the audience that transplant actually started at the AKTH in 2002 with over 100 successful transplant cases recorded. He said that the first recipient of the transplant was a Senior lecturer, who is still doing well in the University.

He said other beneficiaries included expectant mothers who had since successfully had their babies among many others.

The Vice-Chancellor appreciated the effort of TETFund intervention in funding the project and for supplying the equipment to the Universities Teaching Hospitals. He said teaching hospitals often served as laboratories to most of the researches conducted in College of Health Sciences

TETFund Kidney Transplant training participants in a group photograph

and other related medical fields of study in the University. He said the development would go a long way in promoting teaching, research as well as benefit the students.

In his welcome address, the overseeing Medical Director, AKTH, Prof. Auwal Umar Gajida, who was represented by the Deputy, Chairman Medical Advisory Committee, (CMAC), Dr. Dalha Gwarzo, welcomed the participants to Kano. He appreciated the commitment of TETFund in

funding the project, saying that “the development will truly improve research and learning in the Hospital.”

Earlier, Prof. Aliyu Abdu, who was one of the resource persons, explained the scope of the training and stated that it would be more of a practical session.

According to him, lecture presentations would be general and would cut across various disciplines that had to do with e-transplantations, challenges with regards to transplant

and common complications of transplant. He added that the practical aspect of kidney transplant on three patients would be conducted live, among others.

In his remarks, the Director, KOROMCHES and BSC Limited, Abuja, Alhaji Umar Ali, the TETFund Contractor that supplied the equipment to the teaching hospitals, said the equipments were worth over N500 million. They were installed in all the shortlisted teaching hospitals and tested successfully.

## BUK Law Students Shine in Moot Court Competition In Ghana

By Sabitu M. Jinjiri

Two students from the Faculty of Law, Bayero University, Kano, Abu Darda Jibril Dauda and Mustapha Babalola have excelled at the 32<sup>nd</sup> Christ of Heyns Human Right Moot Court Competition (formely known as All African Moot Competition).

The competition, which took place between 3<sup>rd</sup> and 9<sup>th</sup> of September, 2023, at Kwame Nkurmah University of Science and Technology, Kumasi, Ghana, saw the two students representing the University

The Dean, Faculty of Law, Dr Abubakar Isa, briefed the

He also told the Vice Chancellor that Rukayya Idris, a 300 level student of the Faculty had been screened and selected to represent the University in the Presidential Committee for Fiscal Policy and Tax Reform's Secretariat. The rare opportunity has helped to widen the student's horizon on Nigeria's tax system and the delicate path one must follow in order to make lasting policies for the country.

Another outstanding achievement recorded according to the Dean was that Yasir Abubakar, a final year law student of Bayero University contested, won and served as the 6<sup>th</sup> President of the Law Students' Association of Nigeria (LAWSAN). He emerged as the first ever from Bayero University and second from the northern part of the country.

Among the achievements of Yasir, according to the dean, was the revival of the LAWSAN Journal of Law and Policy Review.

The Dean, presented the outstanding students to the Vice Chancellor. He thanked the University Management for its support to the faculty. He was specifically grateful to the University Management for helping to speed up the intake of BUK Law Students into the Nigerian Law School.

Responding, the Vice Chancellor, Professor Sagir Adamu Abbas, described the various feats achieved by the students of the Faculty Law as a testimony of quality teaching and mentoring by their lecturers.

Prof Abbas, expressed happiness over the development and commended the students and their lecturers for making the University proud. He charged them to always be good ambassadors of the University wherever they found themselves. He presented some souvenirs to the outstanding students.

The VC in a group photograph with the Victorious Law Students

Vice Chancellor, Professor Sagir Adamu Abbas during a courtesy call on Tuesday March 26<sup>th</sup>, 2024 to inform him about the excellent performance of the students.

The Dean revealed that although the BUK team did not make it to the final round, it was however recommended to take part in the forthcoming John Jackson Moot on WTO Laws in Kenya in the middle of April 2024.

### Submission of Unserviceable Equipment, Waste Papers and other Unserviceable Items

Sequel to the recently concluded disposal exercise held on 7<sup>th</sup>, 11<sup>th</sup> and 12<sup>th</sup> September, 2023, the Board of Survey has received numerous requests for unserviceable items. Based on the foregoing, I have been directed to request you to furnish the Board of Survey with a comprehensive list of all unserviceable items situated in your respective Faculties, Centres and Departments.

This is to enable the Board of Survey determine the practicability or otherwise of disposing off the items in accordance with extant regulations.

Please, take note that those that have already submitted their list or have no unserviceable items need not respond to this notice.

## EWY to Train BUK Students on Skills, Mentorship Programme

By Sylvia Lukson Yakubu & Sheidu Omeiza Dahiru

The Empowerment of Women and Youth (EWY) project is to train many students of Bayero University, Kano on skills acquisition and empowerment initiative. The projects will also provide mentorship opportunities to the male and female students of the University.

The Coordinator of the Project, Mrs. Hauwa Liman, who visited the Vice Chancellor, Professor Sagir Adamu Abbas on 19<sup>th</sup> April, 2024, said the project was aimed at providing skill development and mentorship opportunities for young people for them to become active contributors to the society and self-reliant in the future.

She said the target of her project is to reach 10,000 youth from the 19 northern states and FCT, with plans to launch the initiative at the Dangote Business School, BUK on the 15<sup>th</sup> and the 16<sup>th</sup> of May, 2024.

Responding, the Vice Chancellor, Professor Sagir Adamu Abbas, represented by the Deputy Vice Chancellor, Management Services, Professor Mahmud Umar Sani, expressed admiration for Mrs. Liman's vision and said the University was happy to collaborate with her project to empower its male and female students with skills

acquisition. He highlighted the significance of her mission to BUK and pledged the university's support in achieving her goals.

The Acting Registrar, Hajiya Amina Umar Abdullahi, also supported the initiative said that the Dean of Student Affairs, Professor Shamsudden Umar would assist in providing the required number of students for the entrepreneurship program.

The EWY Project Team with BUK Management

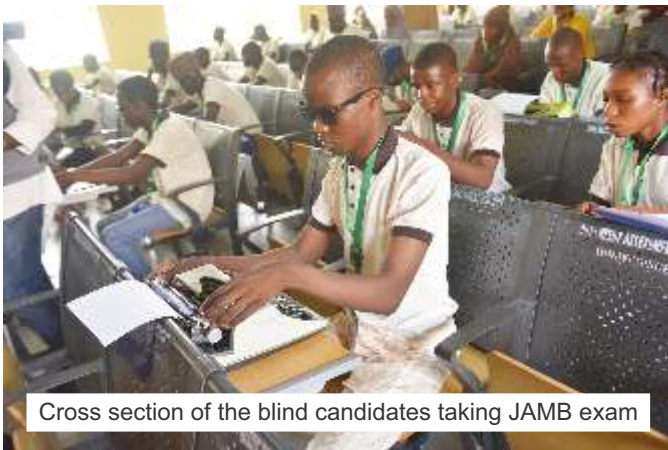

Mrs. Liman later proposed a two-day event, with the first day focusing on the opening ceremony, while the second day would be dedicated on training sessions.

Furthermore, Mrs. Liman proposed to launch "We Inspire Project" to orientate newly admitted students and instill a culture of inspiration. The Dean, Prof. Umar assured that slots would be allocated to initiate the proposed strategies.

## BUK Hosts 8<sup>th</sup> UTME for the Blind

By Ibrahim Ado Saleh

The Joint Admissions and Matriculation Board (JAMB) under its *Equal Opportunity Group* programme conducted the 8<sup>th</sup> Unified Tertiary Matriculation Examination for blind candidates on 22<sup>nd</sup> April, 2024 at the School of Continuing Education (SCE), BUK.

Cross section of the blind candidates taking JAMB exam

The equal opportunity programme examination was aimed at providing fair treatment to candidates who are physically challenged to have the platform that would

enable them to have access to tertiary education and compete with the rest of the society.

In his remarks, the Registrar and Chief Executive Officer of JAMB, Professor Is-Haq Oloyede, *CON, FNAL*, who was represented by the Chairman, JAMB Equal Opportunity Group, Professor Peter Oke-Bukola, explained that the JAMB examination for the blind started in 2017 and this was the 8<sup>th</sup> edition. He thanked the Registrar for providing the opportunity to all Nigerians to write the UTME irrespective of physical status. "As far as a candidate is qualified to write the UTME, he or she has the platform to compete," he emphasized.

Professor Oke-Bukola said there were eleven centres across the country with about 577 candidates writing the UTME this year. He said in order to reach the wider society, the board had embarked on vigorous awareness campaign over the last one year, saying that a lot of candidates are not aware of the opportunity, that explained the reasons for awareness campaigns. This, he said had resulted in magnificent rise in the number of candidates writing the UTME, adding that, "we expect to have more candidates next year."

The Dean, School of Continuing Education, BUK, Professor Usman Da'u Aliyu, also said the examination being conducted by JAMB was a major milestone and an effort to give equal opportunities to all Nigerians to pursue tertiary education.

“These groups of people are blind and physically challenged. Under normal circumstances, no group of people should be denied access to education. In fact, all Nigerians should be given opportunity to further their education”. He explained that Kano was one of the centres the examination is being conducted, adding that “it is regarded as one of the best centres in the country.”

Speaking on the successes of the UTME, the Deputy Chairman, JAMB Equal Opportunity group and Coordinator Kano centre, Professor Muhammad Yahuza Bello, stated that, so far, the examination had not recorded any challenges, but from the little interaction with the candidates, it was realised that some of the tertiary institutions failed to provide atmosphere conducive for physically challenged students to study.

He called on the tertiary institutions concerned to assist in promoting the effort of JAMB by providing the platform to those that are physically disabled to be able to study in their institutions.

## National Bio-Safety Agency Collaborates with BUK to Enhance Bio-Security Measures

By Sheidu Omeiza Dahiru and Sylvia Lukson Yakubu

The National Bio-Safety Agency, has reiterated its determination to collaborate with Bayero University, Kano to enhance bio-security measures.

The Director General of the agency, Mrs. Agnes Yemisi Asagbra made this known on Wednesday, 24<sup>th</sup> April, 2024 when she paid a courtesy call on the Vice Chancellor.

Mrs. Asagbra told the Vice Chancellor that the purpose of the visit was to discuss strategies to strengthen bio safety and bio security measures on the university campuses.

She highlighted the agency's mandate to enhance bio safety and bio security, emphasizing the need to revitalize the relationship between NBMA and Bayero University. She expressed the agency's commitment to supporting the

modified organisms (GMOs) in agricultural biotechnology, the DG explained the NBMA's role in ensuring the safety of modified genetically products. She said the agency by the 2015 edict which was amended in 2019, is empowered to guarantee the safety of these products for human, animal and environmental health.

Mrs. Asagbra also highlighted the agency's focus on bio-security, mentioning the establishment of a dedicated group under the Bio-security and Action Firm in 2021. She said with implementation slated for 2023, this initiative aimed at addressing biosecurity challenges effectively.

In seeking collaboration with Bayero University, she proposed joint bio-safety and biosecurity-related projects to promote best practices in bio-safety across various

Officials of the National Bio-Safety Agency in a group photograph with BUK Management

integration of bio-security modules into the university's curriculum to ensure students are well-equipped with necessary knowledge.

Recognizing the pivotal role of Kano in the northern region, Mrs. Asagbra stressed the importance of establishing partnerships with the emirate council and the university, saying that such collaborations would enable NBMA to navigate and extend its efforts to enhance bio-security across the northern part of Nigeria.

Addressing misconceptions surrounding genetically

sectors, including research, agriculture and healthcare.

Responding, the Vice Chancellor, Prof. Sagir A. Abbas, expressed gratitude for the visit and affirmed the university's commitment to partner with NBMA, emphasizing the importance of bio-safety and biosecurity measures in research and development and pledged the university's support in implementing the agency's guidelines and regulations.

Professor Abbas said the University is ready to collaborate with the agency to achieve the desired objectives.

## Late Dr Aliyu Maiwada's Family Donates Over 200 Books to Faculty of Earth and Environmental Sciences (FEES)

*Hanifa Ibrahim Ahmad & Faysal Raji*

The family of late Dr. Aliyu Dan Shehu Mai Wada, has donated over 200 copies of text books to the Faculty of Earth and Environmental Sciences (FEES). The books consist of land resources material, text books, Geographical journals and library materials.

Presenting the books to the Dean of the Faculty on Friday, Engineer Muhammad Zikirillah Ali, of the Department of Geography, BUK on Friday, said the donation of the books would help to facilitate academic research for students and staff. He added that this act of kindness is a form of *sadaqatul jariya* to the faculty.

The Dean of the Faculty, Professor Aliyu Salisu Barau while receiving the books expressed happiness on behalf of the staff and students of the faculty, saying that they would help the students in academic research.

Represented by the Deputy Dean, Dr. Abdulazeez U. Raji, the Dean noted that the books would be used for academic purpose and that the Departments of Geography and Urban Planning would immensely benefit from the goodwill

gesture.

The Dean thanked the Almighty Allah and the family of the late Dr. Aliyu Dan Shehu Mai Wada for considering this donation to the Faculty. He also prayed to Almighty Allah to grant the late Dr. Aliyu Dan Shehu eternal rest and the family to continue to prosper.

The donated books being received by the Deputy Dean

## AfDB Team Visits BUK to Partner with CDA on Developmental Programmes

*By Sulaiman Salihu*

A team from the African Development Bank (AfDB) visited Bayero University, Kano on Wednesday, 24<sup>th</sup> April, 2024 to partner with the Centre for Dryland Agriculture (CDA) on developmental programmes to address the challenges of food insecurity, unemployment and hunger among youth and women in Africa.

The team led by the Vice-President of AfDB, Mrs. Beth Dunford told the Vice Chancellor, Professor Sagir Adamu

The AfDB team in a group photograph with BUK Management

Abbas during a courtesy call that the visit was a follow-up on a recent discussion held between the President of the AfDB, Dr. Akinwumi Adesina and the Vice-Chancellor, and to see the possibility on how the AfDB can best partner with the University to continue to excel in higher education.

Mrs. Dunford, while appreciating the warm reception accorded to her team by the University, said she was highly impressed with the level of excellent education provided by the University, adding that it is part of the mission of AfDB to support higher education.

In his response, the Vice Chancellor, Prof. Sagir Adamu Abbas welcomed the team to the University and said that BUK had been in existence in the last 45 years with over 40,000 students' population and staff strength over of 4,000 both teaching and non-teaching. The University has 18 faculties, close to 90 academic departments and runs over 190 programmes.

According to the Vice-Chancellor, the University is ranked 5<sup>th</sup> Best University in Nigeria, after Covenant University, University of Ibadan, University of Lagos and Federal University of Technology, Akure released by the Times Higher Education (THE) of the United Kingdom recently.

Prof. Abbas added that he was delighted with the activities of the President of AfDB, Dr. Adesina toward supporting education even when he was Minister of Agriculture, and he continued at the AfDB. He said that was the reasons why the University carefully picked him among many Nigerians and conferred on him the honorary doctorate degree. He told the team to extend the University's gratitude to the President and to express its willingness to partner with AfDB on all engagements that promote both parties. He wished the team a successful trip back to its destination.

Earlier, the Director, Center for Dryland Agriculture, Prof. Jibrin M. Jibrin, while briefing the team at the Centre, said the CDA was established in 2012 with the support of MacArthur foundation and with a take-off grant of \$800,000. It later in 2014 won \$1,000,000 grant from World Bank to become Regional Africa Centre of Excellence (ACE) in Dryland Agriculture.

According to him, the Centre won another grant of \$5,000,000 under the ACE Impact Programme (ACE III), in 2018/19 and the became a Partnership for innovations in Applied Science, Engineering and Technology (PASET) Africa host University in the thematic area of climate change.

Prof. Jibrin disclosed that the Centre also runs M.Sc and Ph.D. programmes in five areas, including Agronomy, Crop and Cropping System, Livestock Production, Natural Resources and Climatic Change and Agricultural Technology, adding that the Centre also offers other short courses with good spread of students across Africa. He added that the CDA had impacted positively on its

neighboring communities from the outputs of the Centre, including training activities and other programmes.

He said from 2012 to date, the Centre won nine grants on academic programmes and trained 1,153 in both Masters and doctorate degrees, with 5,000 students trained on short-term courses.

He said on Outreach, Entrepreneurship and Innovation, the Centre introduced annual 'Open Day' taking place on 28<sup>th</sup> of May, a monthly 'Industrial Talk' Lecture Series and Agricultural hacking competition, among others.

On Accreditation, Prof. Jibrin pointed out that the Centre's programmes received national and internal accreditation by the National Universities Commission (NUC) and the French Higher Council for Evaluation of Research and Higher Education (HCERES).

The team was taken round to see facilities at the CDA, including laboratories and Training and Research Farm. They were highly impressed with the state-of-art facilities at the Centre.

## BUK Hosts First Circle 2024 Foreign Pharmacy Graduates Orientation Program (FPGOP)

By Fausat A. Opayomi

The Faculty of Pharmaceutical Sciences, Bayero University, Kano held the first circle of the 2024 Foreign Pharmacy Graduate Orientation Programme (FPGOP).

The circle is a six-week long orientation programme for Nigerian Pharmacists whose undergraduate degrees were conferred by recognized Institutions outside the country. The orientation programme started on Monday, 22 April, 2024 in line with the mandate of the Pharmacy Council of Nigeria (PCN).

Speaking at the occasion, the Registrar, Pharmacy Council

would be inducted and registered to become pharmacists and were eligible to practice in Nigeria. He said the programme had undergone a series of transformation over the years by identifying and blacklisting some institutions in some countries that produced graduates within two years and return home with certificates without the capacity to deliver.

He said the law has mandated Pharmacy Council of Nigeria to accredit professional pharmacists, who are trained outside the country to under go Pharmacy Orientation Programme during which the students would be exposed to certain peculiarities in terms of the training contents as well as practicing realities that are obtainable within the tropical region like Nigeria.

The Dean, Faculty of Pharmaceutical Sciences, Prof. Ibrahim Ali Yakasai, in his remarks, said the essence of the orientation is to assess their skills, knowledge and their readiness to practice Pharmacy in Nigeria.

He expressed his happiness that BUK was one of the two Universities chosen to do the training which he said was made possible as a result of the supports from the University Management as well as the staff of the faculty.

The graduands listening to presentations

of Nigeria, Pharm. Ibrahim Baba Shehu Ahmad, said PCN is the regulatory body of the Federal Government under the supervision of the Federal Ministry of Health with the mandate to regulate pharmacy education, training as well as practice in all ramifications.

He said at the end of the 6-week training, the students would write examinations and only those who qualified

At the second day of the orientation programme on Tuesday, 23<sup>rd</sup> April, 2024, participants were introduced to what they expected to learn in various departments such as pharmaceutical and medicinal chemistry, pharmaceuticals and pharmaceutical technology, clinical pharmacy and pharmacy practice, pharmacology and therapeutic, microbiology among others by their heads of departments.
